Headline News - Ms Peters & Mrs Traxon

Last week we met with teachers for Pupil Progress Meetings. These meetings are held each term and involve the class teacher and the Senior Leadership. We look at the attainment and progress of each pupil and evaluate how they are doing. Time is also spent during these meetings planning and making sure the curriculum and provision in each year group meets the needs of all pupils. We always find these meetings informative and thoroughly enjoy discussing our hardworking pupils!

Thank you to parents that have contacted us with positive feedback about the new 'Newberries'. Please feel free to contact the office with any feedback and look out for the 'Parent Communication' questionnaire that we will be sending you a link to in the next couple of weeks.

Highlight of the Week

Reception class have been busy observing the life cycle of butterflies. We received five caterpillars before the Easter holidays. We were very lucky to return to see three butterflies had emerged from their cocoons and the next day two more.

We observed our butterflies over the next few days. Last week we released our butterflies out into the wild area to start the life cycle all over again.
